**ENCLOSURE 1:**  
**GENERAL/OVERVIEW**

1. **Overview.** The ARNG VolEd policy is a consolidated document that provides policy and guidance for ARNG voluntary education programs and services.
2. **Applicability.** This policy applies to individuals who are entering, are currently serving, or have previously served in the ARNG.
3. **Administration.**
  - a. **General.** This policy prescribes eligibility criteria, procedures, and standards for ARNG education staff to administer various ARNG education programs including: the Montgomery GI Bill-Selected Reserve (MGIB-SR), MGIB-SR Kicker, Montgomery GI Bill-Active Duty (MGIB-AD), Post-9/11 GI Bill, Transfer of Education Benefits (TEB), Federal Tuition Assistance (FTA), Credentialing Assistance (CA), and Army Personnel Testing (APT) programs.
  - b. **Management Controls.** Commanders at all levels are responsible for establishing and maintaining internal controls, for identifying and addressing major performance challenges, and for identifying areas that are at the greatest risk for fraud, waste, abuse, and mismanagement. Management control provisions shall be in accordance with AR 11-2, Managers' Internal Control Program. Alteration to eligibility documents will be treated as suspected fraud and thoroughly investigated to determine appropriate legal disposition.
  - c. **System Access.** State/Territory education staff must request the appropriate level of access to required systems and databases for the management of education programs. Refer to Enclosure 4 for a list of system requirements.
  - d. **Personal Identification Information (PII).** Daily operations in an education office require ARNG education staff to access PII for members and dependents of the ARNG while using a variety of databases. Every authorized user must always safeguard the confidentiality of such information to comply with the Privacy Act of 1974. When leaving your workstation, be sure to logoff each application and lock your computer for added security. See your system administrator/G6 for additional guidance and procedures.
  - e. **Separation of Duties.** Before eligibility for GI Bill benefits is approved, State education staff will submit eligibility recommendations using the Guard Information Management System (GIMS) or other-directed system/process. A member of the ARNG Education Support Center (ESC) will review the recommendation for accuracy and adherence to applicable DoD, HQDA and ARNG education policy.

f. Tier Evaluations. Tier evaluations is the process of reviewing an applicant's education credentials to determine their tier status/education level for enlistment into the armed forces. Personnel assigned to the State education office are not authorized to conduct tier evaluations. For the ARNG, the Recruiting and Retention Battalion (RRB) Executive Officer (XO) or Operations Officer (commissioned officer or civilian) are the only personnel authorized to perform tier evaluations.

g. Army Board of Corrections for Military Records (ABCMR). In accordance with AR 15-185, paragraph 2-5, ABCMR is the highest level of administrative review within the Department of the Army. Title 10 USC, Section 1552 gives Service Members (SMs) and veterans the right to apply to the ABCMR to correct military records, which include the following actions: correction or amendment of dates or terms of service in enlistment, accession, affiliation, reenlistment/extension, commission, or appointment. The ABCMR requires that all administrative recourse or appeals be exhausted prior to submission of an ABCMR application. Public Law 506 requires that the request for correction of military records be submitted within three years after the error or injustice occurs, or within three years after discovering the error or injustice. Application procedures for the ABCMR can be found on their website: <http://arba.army.pentagon.mil/abcmr-overview.html>.

ACCESS AU also hosts several teams associated with each major education program including a field call team, counseling support team, credentialing assistance team, Army Personnel Testing team and a BSEP team. State education staff are highly encouraged to join the ARNG and ACCESS AU Teams to stay up to date on ARNG/Army education programs and services.

**ENCLOSURE 5:**  
**MONTGOMERY GI BILL – SELECTED RESERVE (MGIB-SR)**

1. **Overview.** The MGIB-SR program is an educational assistance entitlement provided for the Selected Reserve (SR). This entitlement encourages the enlistment and retention of quality applicants and Service Members (SMs) into the SR.

f. Memorandum, Clarification Regarding Concurrent Receipt of Federal Tuition Assistance and the Montgomery GI Bill-Selected Reserve Education Benefits, 4 May 2021

3. **Funding Authority.** The authority to execute MGIB-SR education entitlement is subject to authorization in law, appropriation of funds, and applicable regulatory guidance.

4. **Eligibility Criteria.** Eligibility for the MGIB-SR may be established only one time in a SM's career. A member of the SELRES establishes eligibility for the MGIB-SR basic benefit when they:

a. Enlist, reenlist, or extend in the SR on or after 1 July 1985, for not less than six years or, in the case of an officer, sign a DA Form 5447 agreeing to serve in the SR for six years, in conjunction with any other period of obligated service;

b. Complete the requirements for a high school diploma or equivalency certificate;

c. Complete initial active duty training (IADT) requirements. Enlisted personnel must complete Basic Combat Training (BCT) and Advanced Individual Training (AIT) or equivalent and be awarded an MOS. Officers who did not complete IADT prior to commissioning must be branch qualified. The primary method to identify IADT completion is the course end date located in Army Training Requirements Reporting System (ATRRS). Use DD Form 214 or DA Form 1059 when ATRRS data is unavailable.

5. **Eligibility Start Date.** MGIB-SR eligibility is established when all the requirements in paragraph four have been met. For a list of eligibility status codes and eligibility status effective dates, see Appendix 1 to Enclosure 5.

6. **Period of Entitlement.** The period of entitlement for the MGIB-SR is based on the date basic entitlement was established, as follows:

a. 1 July 1985 to 30 September 1992. Eligibility expires upon completion of the 10-year period that began on the date the MGIB-SR basic entitlement was established; separation from the SR during that 10-year period; or violation of termination criteria outlined in paragraph 6 of the Appendix 1 to Enclosure 5, whichever comes first; or

b. 1 October 1992 to 29 June 2008. Eligibility expires upon completion of the 14-year period that began on the date the MGIB-SR basic entitlement was established; separation from the SR during that 14-year period; or violation of termination criteria outlined in paragraph 6 of the Appendix 1 to Enclosure 5, whichever comes first; or

c. 30 June 2008 to present. Eligibility expires on the date the SM separates from the SR; or upon violation of termination criteria outlined in paragraph 6 of the Appendix to Enclosure 5, whichever comes first.

d. SMs discharged due to a disability will receive the period of entitlement outlined in paragraph 3.c. of the Appendix 1 to Enclosure 5.

e. A SM who is ordered to active duty in accordance with Title 10 U.S.C. Sections 12301(a), 12301(d), 12301(g), 12302, 12304, 12304a, or 12304b with a date of MGIB-SR basic entitlement before 30 June 2008 will have the period of entitlement extended for the period of active duty, plus four months.

f. SMs who are mobilized remain eligible to receive MGIB-SR payments.

g. SMs who were involuntarily separated between 1 October 1991 and 31 December 2001 or between 1 October 2007 and 30 September 2014 due to unit inactivation or involuntary separation due to a reduction in force initiative will retain eligibility for the MGIB-SR for the remainder of their period of entitlement.

h. If a SM's current education term ends after being discharged or separated, the DVA may continue to pay the SM through the end of that educational term, provided the SM is otherwise eligible.

**7. Recoupment/Overpayment.** The DVA and Defense Finance and Accounting Service (DFAS) will recoup any unauthorized MGIB-SR payments.

a. Recoupment. SMs who receive MGIB-SR payments and lose entitlement status due to unsatisfactory participation or non-completion of their six-year military service obligation may be required to refund part of the education assistance received plus accrued interest. The DVA initiates recoupments and DFAS processes debt repayment. The recoupable amount is based on a formula prescribed by the DoD.

b. Overpayment. An overpayment occurs when a SM received MGIB-SR payments that they were not authorized to receive. An overpayment debt letter is initiated, and the overpayment is collected by the DVA.

**8. Duplication of Educational Assistance**

a. Selected Reserve Members may concurrently receive MGIB-SR and FTA when enrolled half-time or more.

b. Concurrent use of MGIB-SR and State tuition programs is authorized unless prohibited by state specific guidelines as concurrent use is not a duplication of benefits.

c. For the purposes of benefit payments, MGIB-SR includes MGIB-SR basic benefit and Kicker, when a SM is eligible to receive Kicker payments.

d. For a SM who qualifies for two or more GI Bill programs, the maximum allowable entitlement for DVA-administered educational benefits is 36 months from any one program, and a maximum of 48 months from all programs.

e. Per ACCESS AU policy, a SM cannot receive MGIB benefits and Credentialing Assistance for the same expenses. However, if ACCESS AU does not fund an examination a SM can request reimbursement from the VA for the test.

**9. Eligibility Processing.** The State GI Bill Manager must submit MGIB-SR recommendations in GIMS to change the MGIB-SR status code according to instructions in the GI Bill Manager's Handbook. If GIMS is not functional, manual processing procedures may be authorized by the Chief, Education Services Branch. Manual processing procedures for MGIB-SR are in Appendix 2 of Enclosure 5.

10. **Administrative Errors.** MGIB-SR eligibility errors due to incorrect IPPS-A coding, inaccurate orders, or missing documents in iPERMS or GIMS should be addressed at the state level by correcting the data in IPPS-A and submitting a MGIB-SR recommendation in GIMS per Appendix 1 to Enclosure 5.

11. **VA Reverse Inquiries.** If the state discovers a Soldier's eligibility status has been incorrectly determined by the VA, they may submit a reverse inquiry to the ARNG EST. Submit a reverse inquiry request via the [GI Bill Manager Channel on MS Teams](#) and attach the SM's approval or denial letter or COE.

12. **Transfer of Benefits.** The transfer of MGIB-SR benefits to a spouse or dependents is not authorized.

**APPENDIX 1 TO ENCLOSURE 5:  
CHAPTER 1606 ELIGIBILITY STATUS CODES**

1. **Overview.** The State GI Bill Manager identifies and recommends Eligibility Status Code (ESC) changes to a SM's MGIB-SR entitlement in accordance with (IAW) law, regulation, this policy, and the GI Bill Manager Handbook. The Eligibility Status EffectiveDate (ESED) is the date that each ESC takes effect.

2. **Ineligible.** The State GI Bill Manager must submit an MGIB-SR recommendation in GIMS to change the MGIB-SR status to an ineligible code ("A" code) for any of the following reasons:

a. AA – No Entitlement. SM has not executed a qualifying, six-year SELRES contract or service obligation with any RC on/after 1 July 1985.  
ESED = Date of entry into the ARNG.

b. AB – No Entitlement. SM executed a qualifying, six-year SELRES contract or service obligation with the ARNG on/after 1 July 1985, but has not completed IADT.  
ESED = Date SM signed the six-year contract.

c. AC – No Entitlement. SM executed a qualifying, six-year SELRES contract or service obligation with the ARNG on/after 1 July 1985 but has not completed the requirements of a secondary school diploma or equivalency certificate.  
ESED = Date SM signed the six-year contract.

d. AD – No Entitlement. SM erroneously reported as eligible with the ARNG.  
ESED = Date of entry into the ARNG.

3. **Eligible.** The State GI Bill Manager must submit an MGIB-SR recommendation in GIMS to change the MGIB-SR status to an eligible code ("B" code) for any of the following reasons:

a. BA – Eligible. SM is serving in an initial qualifying period of eligibility.  
ESED = Day of completion of all eligibility criteria. If IADT or BOLC completion is the final eligibility criteria completed, eligibility will begin the following day. When a BA code is established, State GI Bill Managers will:

(1) Issue a DD Form 2384-1, Notice of Basic Eligibility (NOBE) within 30 days;

(2) Place the NOBE on file in the SM's iPERMS as required in DoDI 1336.08.

b. BB – Eligibility Reinstated (after suspension). SM is serving in a second or subsequent qualifying period of eligibility.

ESED = Date SM returns from period of authorized non-availability (Inactive National Guard (ING) or Individual Ready Reserve (IRR)).

c. BE – Eligibility Retained. SM separated from the SR because of a disability incurred on or after the date the SM established eligibility for the MGIB-SR and was not the result of willful misconduct.

ESED = Date SM was medically discharged with state discharge orders. The SM will retain eligibility, provided the SM was otherwise eligible for MGIB-SR benefits on the date of separation, according to the following rules:

(1) For a SM who established eligibility prior to 30 June 2008, eligibility expires upon completion of the period of entitlement described in paragraph 6.a. or 6.b. of this enclosure.

(2) For a SM who established eligibility on or after 30 June 2008, eligibility expires upon completion of the 14-year period that began on the date of separation from the SR.

4. **Suspension**. A SM is authorized one period of absence (break in service) and may either transfer to the IRR, ING or may transfer to another Reserve Component. The State GI Bill Manager must submit an MGIB-SR recommendation in GIMS to change the MGIB-SR status to a suspended code (“C” code) for any of the following reasons:

a. CB – Eligibility Suspended. SM transferred from the SELRES to the ING or IRR for reasons other than to fulfill a religious missionary obligation, for a maximum of 12 months.

ESED = Effective date of transfer orders into ING or IRR.

b. CC – Eligibility Suspended. SM transferred from the SELRES to the ING or IRR to fulfill a religious missionary obligation, for a maximum of 36 months.

ESED = Effective date of transfer orders into ING or IRR.

c. CD – Eligibility Suspended. SM awaiting final determination of unsatisfactory participation (absent from drills or Annual Training only).

ESED = Date of ninth unexcused absence within a 12-month period or first day of missed Annual Training.

d. CF – Eligibility Suspended. SM entered AGR program.

ESED = Date SM entered AGR program. This is not considered a break in service.

e. CG – Eligibility Suspended. SM is in receipt of a ROTC Scholarship under Title 10 U.S.C., Section 2107. ESED = Date SM signed a Title 10 U.S.C., Section 2107 scholarship contract. MGIB-SR entitlement suspended under this rule will not be reinstated if the Scholarship is completed on/after 15 January 2015. Receipt of a ROTC Scholarship under Title 10 U.S.C., Section 2107a does not impact MGIB-SR entitlement.

**5. Reinstatement from Suspension.** When certain conditions are met, the State GI Bill Manager must submit an MGIB-SR recommendation in GIMS to change the following MGIB-SR ESC to the appropriate eligible code (“B” code):

a. CB. When the SM returns to the SR within 12 months from a first authorized break in service, the ESC changes to BB.

ESED = Date SM returns from period of authorized non-availability (ING or IRR). If the break in service occurred during the MGIB-SR six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, or MGIB-SR entitlement will be terminated per paragraph 6e of this enclosure.

b. CC. When the SM returns to the SR within 36 months from a first authorized break in service to complete a religious missionary obligation, the ESC changes to BB.

ESED = Date SM returns from period of authorized non-availability (ING or IRR). If the break in service occurred during the MGIB-SR six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, or MGIB-SR entitlement will be terminated per paragraph 6e of this enclosure.

c. CD. When the SM is determined to be a satisfactory participant through the appeal process or after a command decision, the ESC reverts to the code in effect prior to suspension (BA or BB).

ESED = the ESED in effect prior to suspension. If the CD suspension occurred during the MGIB-SR six-year contractual obligation, no extension is required.

d. CF. When the SM returns to a drilling status from AGR, the ESC reverts to the ESC in effect prior to suspension (BA or BB).

ESED = the ESED in effect prior to suspension. If the AGR duty occurred during the MGIB-SR six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, or MGIB-SR entitlement will be terminated per paragraph 6e of this enclosure.

e. CG. When a SM completes a ROTC Scholarship under Title 10 U.S.C., Section 2107 PRIOR to 15 January 2015, and the ESC reverts to the ESC in effect prior to suspension (BA or BB).

ESED = The ESED in effect prior to suspension.

**6. Termination.** The State GI Bill Manager must submit a MGIB-SR recommendation in GIMS to change the MGIB-SR status to a termination code (“D” code) for any of the following reasons:

a. DB – Eligibility Terminated. After completion of the six-year contractual service obligation, SM is discharged (Civilian Break); failed to re-affiliate from the ING or IRR to the SELRES within the required time limit (12/36 months); or has a second break in service for any reason.

ESED = Effective date of discharge order or transfer to the IRR or ING.

b. DC – Eligibility Terminated. SM is deceased.

ESED = Date of death.

c. DD – Eligibility Terminated. SM is determined to be an unsatisfactory participant.

ESED = Date of ninth unexcused absence or first missed day of Annual Training.

d. DE – Eligibility Terminated. SM has not completed the six-year contractual obligation and is discharged (civilian break); failed to extend after returning to the SELRES per paragraph 5a, 5b or 5d of this enclosure; failed to re-affiliate from the ING or IRR to the SELRES within the required time limit (12/36 months); or SM has a second break in service for any reason.

ESED = Effective date of discharge order or transfer to ING or IRR.

- (1) The SM retains the contracted MOS as a secondary MOS,
- (2) Remains deployable, and
- (3) Becomes qualified in the new MOS within 24 months of the transfer.

## **8. Eligibility Processing.**

a. Accurate reporting of MGIB-SR Kicker information is a mandatory requirement of the Army Auditing Agency (AAA). GIMS is the official Education and Incentive data tracking system for the ARNG. Prior to enlisting, reenlisting, extending, or signing an OSA, States are required to enter the MGIB-SR Kicker contract information into the management system upon the request for a control number.

b. Status changes. The State GI Bill Manager is responsible for managing the various status changes, which occur to a Soldier's MGIB-SR Kicker according to instructions in the GI Bill Manager's Handbook. GI Bill Managers will promptly enter accurate status changes into the Personnel Data System in order to meet statutory requirements. The GI Bill Manager must use GIMS on a daily basis and become familiar with its various management functions so that it will help to identify, record, and track MGIB-SR Kicker status changes.

c. If GIMS is not functional, manual processing procedures may be authorized by the Chief, Education Services Branch. Manual processing procedures for the MGIB-SR Kicker are located in Appendix 2 of this Enclosure.

## **9. Period of eligibility.**

a. Benefits End Date. Soldiers remain eligible for the MGIB-SR Kicker as long as they remain in a drilling status and meet the eligibility criteria of their contract or until entitlement is exhausted.

b. Mobilization Extension. The MGIB-SR Kicker payments correlate with payment of the 'Soldier's basic MGIB-SR benefit. If MGIB-SR eligibility is extended beyond the member's ETS due to a mobilization, the MGIB-SR Kicker will be extended for the same period.

c. Medical. ARNG MGIB-SR Kicker eligible Soldiers medically

discharged due to a disability incurred through no misconduct of the Soldier will remain eligible for MGIB-SR Kicker benefits IAW Appendix to Enclosure 6, paragraph 3c.

d. Termination. Soldiers lose their eligibility for benefits on the date of termination and will not be reinstated IAW Appendix to Enclosure 6, paragraph 6.

10. **Method of Payment.** The Department of Veterans Affairs makes GI Bill payments. A Soldier enrolled full-time may receive up to 36 monthly payments in conjunction with basic GI Bill benefit payments. Payments for less than full-time enrollment are prorated based on the rate of pursuit. The amounts are valid for the entire term of the contract, regardless of future increases or decreases, unless the Officer/Soldier violates the terms of the MGIB-SR Kicker contract.

11. **Incentive Combinations.** Unless specifically prohibited by the current SRIP, the MGIB-SR Kicker is authorized to be combined with all other incentives. See the current SRIP for guidance on which incentives are authorized or prohibited to be issued in combination with the MGIB-SR Kicker.

12. **Recoupment/Overpayment.** The DVA and Defense Finance and Accounting Service (DFAS) will recover any unauthorized MGIB-SR payments.

a. Recoupment. SMs who receive MGIB-SR Kicker payments and lose entitlement due to unsatisfactory participation or non-completion of six-year military service obligation may be required to refund part of the education assistance received plus accrued interest. The DVA initiates debt GI Bill/ and Kicker recoupment. DFAS processes DVA debt recoupments. The recoupable amount is based on a formula prescribed by the DoD.

b. Overpayment. An overpayment occurs when a SM received MGIB-SR payments that he/she was not authorized to receive. The DVA initiates communication and recoupment actions to the overpaid SM and dependent if applicable.

13. **Administrative Errors.** State-level Administrative Correction Requests (ACRs) submitted in GIMS must be submitted IAW the appendix to this enclosure and/or the GI Bill Manager's Handbook. ACRs correct the following issues:

- a. MGIB-SR Kicker eligibility errors due to incorrect IPPS-A coding;
- b. Inaccurate orders or missing documents in iPERMS or GIMS.

14. **Exception to Policy Process.** Information on how to submit an Exception to Policy (ETP) for the MGIB-SR Kicker is located in the GI Bill Manager's Handbook. ETPs will be requested and processed in the [GI Bill Programs channel](#) located in the ARNG Staff-Education Services team on MS Teams.

- a. ETPs require the following documents:
  - (1) A statement from the Soldier
  - (2) A statement from the Soldier's Commander
  - (3) A statement from the ESO
  - (4) Any other documentation not available in iPERMS to support the ETP
- b. Complete the form in Teams and upload the required documents.

**MGIB-SR KICKER ELIGIBILITY STATUS CODES**

1. **Overview.** The State GI Bill Manager identifies and recommends Eligibility Status Code (ESC) changes to a SM's MGIB-SR Kicker IAW this policy and the GI Bill Manager Handbook. The Eligibility Status Effective Date (ESED) is the date that each ESC takes effect.

2. **Ineligible.** The State GI Bill Manager must submit an MGIB-SR Kicker Administrative Correction Request (ACR) in GIMS to change the Kicker status to an ineligible code ("A" code) for any of the following reasons:

a. AA – No six-year obligation

b. AB – No Entitlement. SM executed a qualifying, six-year SELRES contract or service obligation with the ARNG on/after 1 July 1985, but has not completed IADT. ESED = Date SM signed the six-year contract.

c. AC – No Entitlement. SM executed a qualifying, six-year SELRES contract or service obligation with the ARNG on/after 1 July 1985, but has not completed the requirements of a secondary school diploma or equivalency certificate. ESED = Date SM signed the six-year contract.

d. AD – No Entitlement. SM erroneously reported as eligible with the ARNG. ESED = Date of entry into the ARNG. For Soldiers whose Kicker addendum is missing, code records AD pending recovery of the addendum or approval of an ETP.

3. **Eligible.** The State GI Bill Manager must submit an MGIB-SR Kicker ACR in GIMS to change the Kicker status to an eligible code ("B" code) for any of the following reasons:

a. BA – Eligible. SM is serving in an initial qualifying period of eligibility. ESED = The day all eligibility criteria are complete. If IADT or Branch Qualification is the final criteria completed, eligibility will begin the following day. When eligibility is established, State GI Bill Managers will process an ACR to change the eligibility status code to BA.

b. BB – Eligibility Reinstated (after suspension). SM is serving in a second or subsequent qualifying period of eligibility. ESED = Date SM returns from period of authorized non-availability, ING, or IRR.

c. BE – Eligibility Retained. SM separated from the SR because of a disability incurred on or after the date the SM established eligibility for MGIB-SR Kicker and was not the result of willful misconduct. ESED = Date SM was medically discharged with state discharge orders.

The MGIB-SR Kicker may be continued or extended under the same circumstances and for the same periods as the basic MGIB-SR entitlements. These circumstances are outlined in Appendix to Enclosure 5, Para 3c.

4. **Suspension.** A SM is authorized one period of absence (break in service) and may either transfer to the IRR, ING or may transfer to another Reserve Component. The State GI Bill Manager must submit an MGIB-SR Kicker ACR in GIMS to change the Kicker status to a suspended code ("C" code) for any of the following reasons:

a. CB – Eligibility Suspended. SM transferred from the SELRES to the ING or IRR for reasons other than to fulfill a religious missionary obligation, for a maximum of 12 months.

ESED = Date of transfer orders into ING or IRR.

b. CC – Eligibility Suspended. SM transferred from the SELRES to the ING or IRR to fulfill a religious missionary obligation, for a maximum of 36 months.

ESED = Date of transfer orders into ING or IRR.

c. CD – Eligibility Suspended. SM awaiting final determination of unsatisfactory participation (absent from drills or Annual Training only).

ESED = Date of ninth unexcused absence within a 12-month period or first day of missed Annual Training.

d. CE – Eligibility Suspended. SM accepts a MILTECH position. This is not considered a break in service.

ESED = date .SM enters MILTECH status.

e. CF – Eligibility Suspended. SM entered AGR program. This is not considered a break in service.

ESED = Date SM entered AGR program.

f. CG – Eligibility Suspended. SM is in receipt of a ROTC Scholarship under Title 10 U.S.C., Section 2107.

ESED = Date SM signed a Title 10 U.S.C., Section 2107 scholarship contract. MGIB-SR entitlement suspended under this rule will not be reinstated if the ROTC Scholarship is completed on/after 15 January 2015 IAW DoDI 1322.17. Note: Receipt of a ROTC Scholarship under Title 10 U.S.C., Section 2107a has no impact on MGIB-SR Kicker entitlement.

5. **Reinstatement from Suspension.** When certain conditions are met, the State GI Bill Manager must submit Kicker ACR in GIMS to change the following Kicker ESC to the appropriate eligible code ("B" code):

a. CB. When the SM returns to the SR within 12 months from a first authorized break in service, the ESC changes to BB.

ESED = Date SM returns from period of authorized non-availability (ING or IRR). If the break in service occurred during the six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, or MGIB-SR entitlement will be terminated per paragraph 6e of this appendix.

b. CC. When the SM returns to the SR within 36 months from a first authorized break in service to complete a religious missionary obligation, the ESC changes to BB. ESED = Date SM returns from period of authorized non-availability (ING or IRR). If the break in service occurred during the six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, or MGIB-SR entitlement will be terminated per paragraph 6e of this appendix.

c. CD. When the SM is determined to be a satisfactory participant through the appeal process or after a command decision, the ESC reverts to the code in effect prior to suspension (BA or BB). ESED = the ESED in effect prior to suspension. If the CD suspension occurred during the MGIB-SR six-year contractual obligation, no extension is required.

d. CE. When the SM leaves the MILTECH status, the ESC reverts to the ESC in effect prior to suspension (BA or BB). ESED = the ESED in effect prior to suspension. If the MILTECH status occurred during the six-year contractual obligation, no extension is required.

e. CF. When the SM returns to a drilling status from AGR, the ESC reverts to the ESC in effect prior to suspension (BA or BB). ESED = the ESED in effect prior to suspension. If the AGR duty occurred during the six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, and return to the same critical skill unless otherwise authorized by the Director of the ARNG... Failure to extend or remain in the same critical skill will result in the MGIB-SR Kicker termination per paragraph 6.e. of this appendix.

f. CG. When a SM completes a ROTC Scholarship under Title 10 U.S.C., Section 2107 PRIOR to 15 January 2015, the ESC reverts to the ESC in effect prior to suspension (BA or BB). ESED = The ESED in effect prior to suspension.

**6. Termination.** The State GI Bill Manager must submit a MGIB-SR Kicker ACR in GIMS to change the following Kicker ESC to the appropriate termination code ("D" code) for any of the following reasons:

a. DB – Eligibility Terminated. After completion of the six-year contractual service obligation, SM is discharged (Civilian Break); failed to re-affiliate from the ING or IRR to the SELRES within the required time limit (12/36 months); or has a second break in

service for any reason.  
ESED = Date of separation

b. DC – Eligibility Terminated. SM is deceased.  
ESED = Date of death.

c. DD – Eligibility Terminated. SM is determined to be an unsatisfactory participant.  
ESED = Date of ninth unexcused absence or first missed day of Annual Training.

d. DE – Eligibility Terminated. SM is discharged(civilian break) before completing the six-year obligation or fails to extend after returning to the SELRES per paragraph 5.a., 5.b. or 5.d. of this enclosure.  
ESED = Effective date of discharge order or transfer to ING or IRR.

j. If a request is denied but the SM provides evidence that they did meet the eligibility requirements on the original request date, the denied request will be approved, and the service obligation will be calculated from the original request date.

k. A SM who was considered under a Qualitative Retention Board (QRB), Release from Active Duty (REFRAD), or Integrated Disability Evaluation System (IDES) boards who has been selected for retention and is able to commit to the required service obligation may apply for TEB.

**4. Eligibility Exclusions.** Soldiers are not eligible for TEB approval unless they meet all the requirements in paragraph 3. This includes but is not limited to:

- a. A SM who is not eligible for the Chapter 33 Post-9/11 GI Bill, including a SM whose eligibility has expired IAW Enclosure 3, paragraph 7j of this policy;
- b. A SM who separated from active duty or active service in the SELRES prior to 1 August 2009;
- c. A separated SM who failed to request TEB while serving on active duty or while in an active status in the SELRES;
- d. A SM who is unable to commit to the required TEB service obligation due to Retention Control Point (RCP), Mandatory Retirement Date (MRD), maximum age, or State or ARNG policy;
- e. A SM who submits a TEB request on or after the convening date for a force-shaping board such as the QRB or REFRAD Board. A SM considered under these boards who is selected for retention and can commit to the required service obligation may apply for TEB;
- f. A SM who submits a TEB request on or after being enrolled in the Integrated Disability Evaluation System (IDES), which includes Medical Evaluation Board (MEB) and Physical Evaluation Board (PEB). A SM who completes the evaluation and is found fit for duty may apply after committing to the required service obligation;
- g. A SM who submits a TEB request while serving under Sanctuary orders; or
- h. A SM who has an active SFPA Flag indicator in GIMS, including failure to maintain fitness or height and weight standards (codes J or K). A SM who is flagged on the TEB request date will have their TEB request denied. The SM may reapply after the flag is cleared.

5. **Eligible Dependents.** Eligible dependents must be enrolled in the Defense Enrollment Eligibility Reporting System (DEERS). Each SM is responsible for ensuring their dependents are appropriately identified in DEERS and on the TEB website as eligible.

- a. A SM approved to transfer unused Post-9/11 GI Bill benefits may transfer to -
  - (1) A spouse;
  - (2) One or more children under age 21, or under age 23 if the dependent is full-time student
  - (3) A ward or foster child placed in the legal custody of the SM as a result of a court order for at least 12 months prior to requesting TEB; or
  - (4) A combination of the above.

- b. An eligible SM may transfer education benefits at any time.
- c. A SM serving in an active status who previously transferred benefits may add additional dependents without incurring an additional service obligation.
- d. A SM who previously transferred education benefits may modify the number of months transferred to their dependents at any time, regardless of whether the SM is currently serving actively or has discharged from the ARNG. They may increase, decrease, or revoke the months transferred.
- e. A SM may transfer up to 36 months of education benefits, or the number of any unused Post-9/11 GI Bill benefit months remaining as determined by the DVA, whichever is less.
- f. After separating from military service, a SM cannot transfer benefits to additional dependents who have not previously received transferred benefits.

## 6. Responsibilities.

- a. Service member. Each SM requesting TEB will:
  - (1) Contact the DVA and confirm the number of GI Bill months that are available to be transferred [https://www.benefits.va.gov/gibill/contact\\_us.asp](https://www.benefits.va.gov/gibill/contact_us.asp);
  - (2) Seek counseling from the State Education Office regarding any questions before submitting a TEB request;
  - (3) Confirm they are eligible for the Post-9/11 GI Bill;
  - (4) Verify the documents necessary to validate Post-9/11 GI Bill and TEB eligibility are available in iPERMS;
  - (5) Ensure they will have at least four years of ARNG service remaining on the TEB request date;
  - (6) Coordinate with their designated ARNG representative to remove any flags that prevent TEB approval;
  - (7) Ensure eligible family members are entered in DEERS;
  - (8) Submit a TEB request on the DoD TEB section in milConnect at <https://milconnect.dmdc.osd.mil/milconnect>, and acknowledge and agree to the required service obligation by checking each box and clicking the submit button;
  - (9) Review their military email (army.mil) account for correspondence and respond in a timely manner;

(10) Log into the TEB website to check on the status of their TEB request and to verify the TEB Obligation End Date (OED);

(11) Review the TEB approval form on the TEB website for accuracy and retain a copy for their personal records; and

(12) Serve until the OED listed in milConnect and on the TEB approval form.

b. Unit Commanders. Unit Commanders or their delegates will -

(1) Assist the SM by completing a reenlistment/extension, if necessary;

(2) Ensure the SM Post-9/11 GI Bill and TEB eligibility documents are properly uploaded to iPERMS;

(3) Review each SM TEB OED in GIMS prior to forwarding a request for separation or retirement orders or orders transferring to the IRR or ING;

(4) Coordinate with the State Education Office for individual separation counseling for the SM if the TEB OED will not be completed; and

(5) Ensure separation counseling documentation (Appendix to this enclosure) is uploaded into the SM record in GIMS.

c. State Education Services Officer. The State Education Services Officer (ESO) or delegate will:

(1) Monitor the appropriate work bins in GIMS and assist the SM with providing necessary documentation for TEB approval;

(2) Provide individual education counseling upon SM request for a SM considering TEB;

(3) Ensure SM and Units are briefed annually on TEB eligibility criteria, the required service obligation, consequences for failure to complete the service obligation, SM responsibilities, and dependent use;

(4) Counsel each separating SM who will not complete their OED;

(5) Upload separation counseling documentation (Appendix to this enclosure) into the SM record in GIMS; and,

(6) Act as a liaison, as necessary, between all parties to assist the SM through the TEB approval process.

d. The ARNG Education Support Team. The EST will:

(1) Verify the SM TEB eligibility requirements using documents and data in iPERMS, GIMS, and/or BEAST and ensure compliance with ARNG TEB requirements;

(2) Communicate with the requesting SM and State Education Services Officer via military email (army.mil) concerning necessary approval steps and/or missing required documents;

(3) Record the TEB request approval or denial in GIMS and the TEB website;

(4) Record the SM TEB OED in GIMS and the TEB website; and

(5) Modify SM established TEB OED to the date of separation upon notification of SM separation from the ARNG for reasons identified in paragraph 11 of this policy.

## 7. Procedures to Transfer.

a. The SM must use the milConnect website to request TEB. Only dependents enrolled in DEERS and listed as eligible in the TEB website at the time of the transfer's request are eligible to receive TEB benefits;

b. By electing to transfer benefits, the SM agrees to serve the TEB service obligation as outlined in paragraph 9.

c. The TEB request will be rejected if a SM does not have four years of service remaining on their contract. The SM must extend in order to meet the service obligation before applying for TEB. The SMs ETS date, RCP, or MRD **must** be four or more years from the TEB request date.

d. After approval, the SM must use the TEB website to modify or revoke transferred benefits.

(1) A SM who modifies benefits or adds new dependents does not incur an additional service obligation. A SM may only add new dependents while serving in an active status.

(2) Revoking benefits will not automatically remove the associated service obligation. After revoking benefits from all dependents, a SM may request removal of the service obligation. The ARNG considers removing service obligations on a case-by-case basis. Once a dependent uses transferred benefits, the SM is required to serve until their OED. Unless the SM meets one of the authorized exceptions in paragraph 11, failure to complete the service obligation will result in recoupment of all previously paid benefits by the DVA.

## 8. **TEB Approval.**

a. The EST will verify that the SM requesting TEB meets all the eligibility requirements prior to approving a TEB request. The EST will immediately reject requests that do not meet all the eligibility requirements.

b. The EST will update GIMS and the TEB website to record the SM OED. The EST is not responsible for ensuring a SM dependent information is correct.

c. The SM transferring benefits is responsible for returning to the TEB website to verify the approval status of the TEB request. The SM must notify the State ESO immediately if they do not intend to complete the entire service agreement.

d. Upon approval of the TEB request, the SM should retain a copy of the TEB approval form from the TEB website for their personal records.

e. After the determination of the TEB request, the EST will send an email to the SM at the military email address listed in the global address book.

f. It is the State ESOs responsibility to answer questions regarding TEB approval or disapproval.

9. **Service Obligation.** All SMs requesting TEB must commit to a four-year service obligation beginning on the TEB request date, regardless of their previous years of service.

a. The TEB service obligation begins on the date of the SM TEB request and runs concurrently with any other additional service agreements in effect at the time of the transfer. The TEB benefit will not limit any other reenlistment option or incentive to which a SM may be eligible.

b. The service member may serve the four-year obligatory period on active duty in the regular component, in an active status as a member of the SELRES, or in the IRR on active duty.

c. During the four-year obligatory period, SMs are not authorized a break in service. Any break in service during the service obligation, including transfer to the IRR or ING, is a failure to complete the service obligation.

d. The SM may transfer to another component during the TEB service obligation. The transfer must occur without a break in service.

(1) If the SM received an approved TEB request while serving in the ARNG and the SM transfers to another component prior to completing the service obligation, it is the SM responsibility to provide documentation to the EST demonstrating acceptance in another component. The SM must also demonstrate the ability to complete the balance of the TEB service obligation in that component.

(2) If the SM received an approved TEB request while serving in another component and the SM transfers to the ARNG prior to completing the service obligation, it is the SM responsibility to provide documentation to the EST demonstrating that they remain eligible for TEB and are able to complete the balance of the service obligation in the ARNG.

e. Completing the requirements for regular or non-regular retirement (20-Year Letter) does not absolve the SM from completing the TEB service obligation.

**10. Failure to complete the service obligation.** SM who separates from the ARNG prior to completing their TEB service obligation are not eligible to retain a previously approved TEB. Violating the TEB service obligation triggers TEB termination, and if any dependent has received payment, the SM and dependents may incur an overpayment debt from the DVA for the full amount of benefits paid.

a. Failure to complete the service obligation includes, but is not limited to -

(1) A SM who transfers to the IRR or ING prior to completing the service obligation;

(2) A SM who is released from the ARNG for performance, conduct, and/or potential for advancement reasons including, but not limited to separation under the provisions of the Qualitative Management Program (QMP);

(3) A SM who receives an involuntary (punitive) reduction in rank and cannot complete the service obligation due to a change in their RCP or MRD;

(4) A SM who receives a 20-Year Letter and retires prior to their OED;

(5) A SM who retires or separates in lieu of consideration by a separation board;

(6) A SM who fails to complete the required TEB service obligation for any reason not specifically authorized in paragraph 11;

(7) A SM who is involuntarily separated for refusal to receive the COVID-19 vaccination.

b. A SM whose TEB has been rejected for failure to complete the service obligation is not precluded from entering another TEB request if they return to active status and are otherwise eligible. However, a subsequent TEB approval does not alleviate any debt that incurred from the previous rejected transfer. The most recent approved TEB request determines the SMs OED.

**11. Authorized Exceptions.** A SM who fails to complete the TEB service obligation and is separated from the ARNG due to one of the following situations may retain TEB, provided the TEB request was approved and an OED established prior to separation.

- a. Death of the SM. The death of a SM who transferred benefits will not affect the use of the entitlement by the dependent to whom the entitlement was transferred;
- b. Discharge or release from the ARNG for a pre-existing medical condition which was not service-connected;
- c. Discharge or release from the ARNG for hardship;
- d. Discharge or release from the ARNG for a disability, or a physical or mental condition that was not characterized as a disability and did not result from the individual's own willful misconduct but did interfere with the individual's performance of duty;
- e. Entry into Sanctuary and completion of the full Sanctuary period;
- f. Transfer to the IRR in an active duty or mobilized status; or,
- g. Involuntary discharge or release through a service force-shaping or reduction in force initiative. The SM must request TEB and be eligible for approval prior to the convening date of any separation board. The SM must not retire in lieu of consideration by a separation board. Examples of force-shaping or reduction in force initiatives include but are not limited to:

- (1) QRB.
- (2) Temporary Early Retirement Authority (TERA);
- (3) Selective Early Retirement Board (SERB) and Enhanced Selective Early Retirement Boards (E-SERB);
- (4) AGR REFRAD Board;
- (5) Active Service Management Board (ASMB); or
- (6) Two-time non-selection for promotion.

**12. Dependent Use of Transferred Benefits.** After a SM TEB request is approved and Post-9/11 GI Bill benefits have been transferred, eligible dependents may use the benefit as follows:

- a. Spouse:
  - (1) Upon TEB approval. The SM duty status determines the spouse's benefit payment and is the same as that of the transferring SM.
    - (a) While the transferring SM is serving in a qualifying Title 10/32 active-duty status per Enclosure 7, paragraph 4, the spouse is NOT eligible to receive the Monthly Housing Allowance (MHA).

(b) While the transferring SM is serving in a non-qualifying Title 10/32 status or is out of service, the spouse is entitled to the tuition and fees payment, the book and supplies stipend and, if otherwise eligible, MHA.

(2) A Spouse's expiration date for transferred benefits is the same as that of the transferring SM and is based on the transferring SM's last date of separation from qualifying service:

(a) If the SM's separation from qualifying service is prior to 1 January 2013, the benefits expire 15 years from the date of separation. The SM is authorized to extend this period if the SM later completes an additional qualifying period of service of at least 90 consecutive days.

(b) If the SM separation from qualifying service is on or after 1 January 2013, the benefits do not expire.

(3) Divorce will not automatically affect a former Spouse's eligibility to use a transferred benefit. However, the SM retains the right to revoke or modify a transferred benefit at any time. Law does not allow the distribution of TEB benefits to dependents by another party through the Power of Attorney process or in a divorce decree, as these benefits are not marital property.

b. Child/Dependent -

(1) After the transferring SM has completed at least 10 years of service in the Armed Forces or is involuntarily separated prior to completing the OED for reasons in paragraph 11 of this policy; and

(2) After the child has completed a secondary school diploma (or equivalency certificate) or has reached 18 years of age, whichever occurs first; and,

(3) Until their 26th birthday or until the transferred benefits are exhausted, whichever occurs first.

(4) A child's subsequent marriage will not affect their eligibility to use a transferred benefit.

(5) A SM active-duty status does not affect the child's benefit. A child is entitled to the tuition and fees payment, the books and supplies stipend, and the MHA.

c. Each of the SM's dependents must first apply for their own Certificate of Eligibility (CoE) from the DVA before they can use their transferred benefits. Dependents apply for benefits on the DVA website at <https://www.va.gov>. The DVA will determine eligibility and send the dependent a COE.

These tests are reimbursed by the Defense Activity for Non-Traditional Education Support (DANTES). States are encouraged to coordinate with DANTES to have local test sites waive sitting fees to eliminate Soldier out of pocket costs. Detailed information on the eligibility requirements, study guides, and preparation materials as well as steps on how to apply is available in the ARNG Education Handbook and on the DANTES website at: [www.dantes.mil](http://www.dantes.mil).
